Circular No- Skill- 42/2026

To

The Heads of all the Institutions
affiliated to CBSE

Subject: Invitation to attend the 4th National Summit on "Facilitating School to Work Transition" to be held on 23rd - 24th September 2026, at Dr. Ambedkar International Centre (DAIC), 15, Janpath Road, Windsor Place, New Delhi - 110001.

The world of work is evolving faster than ever, driven by rapid technological advancements, changing industries, and emerging career opportunities that are redefining what it means to be workforce-ready. In this dynamic landscape, schools play a central role in equipping students not only with academic knowledge, but also with the skills, mindset, adaptability, and confidence needed to successfully navigate their future careers.

With this in mind, **CBSE** in association with **Sahodaya School Complexes (SSC) of Delhi/NCR**, is pleased to announce the **4th National Summit on 'Facilitating School to Work Transition'**, to be held on **23rd -24th September 2026**, at **Dr. Ambedkar International Centre (DAIC), 15, Janpath Road, Windsor Place, New Delhi - 110001.**

This National Summit will bring together school leaders, educators, industry experts, and policymakers to deliberate on how schools can more effectively prepare students for life beyond the classroom. Through interactive sessions and insightful discussions, participants will gain exposure to innovative pedagogical practices, emerging approaches to assessment, digital integration in education, and successful models being implemented across schools to strengthen and promote Skill Education.

As part of the National Summit, **case-based papers/posters** (highlighting success stories/challenges in implementing Skill Subjects) are also invited from educators of schools affiliated to CBSE.

Annexure - I

By 2030, India is going to have over a billion working-age people. And it is high time that we capitalize on our demographic dividend to become the world's largest economy. One of the major tools that we need for this is quality skill education which has also been highlighted through SDG-4 i.e. Ensuring inclusive and equitable quality education and promoting lifelong learning opportunities for all.

NEP 2020 highlights the importance of skill education along with eliminating any hierarchies amongst various streams and silos between different areas of learning. Ensuring skill development along with academic capacities is essential as we are transitioning into the era of fast-changing technology, yet embarking upon a sustainable model of development. This will require synergy amongst various stakeholders to share knowledge and experiences to work out efficient models of implementing vocational/skill education.

With the same objective, CBSE announces its two-day National Summit on "Facilitating School-to-Work Transition" as a platform to share the successes and challenges of skill education initiatives from across the world. This summit will provide unparalleled networking opportunities for the participants to connect and build partnerships for guidance and support from each other. This summit will bring together policy makers, education practitioners, academicians, researchers, technology innovators and industry leaders from across the world.

As part of this National Summit, case-based papers are invited for paper and poster presentations highlighting any success story or challenges in implementation of Skill Education.

Themes of the Oral and Poster Presentation:

1. Global approaches to School-to-Work Transition

Focus on exploring various pathways across the globe which are being used for school-to-work transition along with ensuring policy alignment.

2. Work-based learning, internships and apprenticeship pathways

Focus on highlighting successful models of integration of vocational education in school through internships and apprenticeship.

3. Career counselling, guidance and mentorship models

Focus on importance of personalized guidance and continuous support for ensuring well informed career decisions by the individuals

4. Leveraging technology and Digital platforms for Skill development

Focus on creating and using digital tools and platforms to expand access to skilling, enabling personalised, scalable, and technology-driven learning solutions.

5. Assessment and Certification frameworks in Skill/Vocational Education

Focus on developing standardised and industry-relevant certification systems, ensuring recognition, mobility, and lifelong learning opportunities.

6. Strengthening School-Industry partnerships

Focus on nurturing an ecosystem promoting entrepreneurial skills and innovation-driven mindsets at the school level through mentorship, funding, and real-time skill development.

7. Future skills, Green Jobs and Digital Economy requirements for a sustainable future

Focus on aligning skilling initiatives with sustainability and climate goals and preparing workforce for green jobs.
